

SUPER ENERGIZER

SUPER ENERGIZER 3

The Most Powerful PARMAK Fencer

The New Super Energizer 3 charges up to 50 miles of fence. It does everything a fence controller should do - it just does it better!!! Super Energizer 3 is equipped with a built-in performance meter which tells you the exact condition of fence. Shocks through wet weeds and brush. Over 8,000 volts of holding power with 500

OHM load. The Super Energizer 3 controls both predators and livestock, including sheep. Double fuse protection with built-in lightning arrester. Fully warranted. UL listed. See Low Impedance brochure for full details.

DELUXE FIELD SOLAR-PAK

America's first solar-powered electric fencer is now low impedance and features exclusive built-in performance meter. Shocks through wet weeds and brush - for livestock control - small to medium size pastures.

Laser trimmed, computer precision, solid state circuitry provides reliable, powerful low impedance shock to end of fence. At a glance built-in performance meter shows you the fence condition - good, marginal or bad. Features latest state-of-the-art solar panel with over 42% more battery charging power. Will charge battery even on cloudy days with maximum power in direct sunlight. Uses free energy from the sun for maximum shock - day or night.

Eliminates need for expensive battery replacement or inconvenient recharging. Will operate for 21 days in total darkness. Totally weather-proof for

outdoor use. Comes complete with sealed 6 volt battery, ready for use. Charges up to 25 miles of fence. Full two-year warranty. Six volt battery warranted one year. 100% American made. UL listed.

MAGNUM 12 U.O.

Parmak technology brings you this powerful, low impedance, advanced 12-volt fence charger . . . with Ferrite 100% solid state inverter circuitry with built-in performance meter.

The Magnum 12 features Parmak's exclusive built-in performance meter. Tells you the exact condition of your fence. Takes the guess work out of electric fencing. More power than you ever imagined possible from a battery fencer. The Magnum 12 features output equal to power line operated models. Shocks through wet weeds and brush. No moving parts means years of dependable, trouble free services.

The most economic 12-volt solid state fencer operation on the market. Magnum 12 provides up to three months of continuous operation between battery charges. Weatherproof, portable outdoor model for installation anywhere on your farm. Charges up to 30 miles of fence. Fully warranted. UL listed.

MAXI-POWER MARK 6

Low impedance, maximum safe output with energy conservation . . .

The all New Mark 6, low impedance fencer gives you the stock holding power that you have always wanted. Shocks right through wet weeds or brush and

over extremely dry ground. Features Parmak's exclusive built-in performance meter that tells you the exact condition of the fence. Takes the guesswork out of electric fencing. 100% solid state, with all new low impedance, uni-junction circuitry. No moving parts. Ideal for use with high tensile single or multi-wire fences.

The Mark 6 operates for less than 7¢ a month and 7¢ per kwh. Double fuse protection, built-in lightning arrestors. Charges up to 30 miles of fence. Indoor installation. Fully warranted. UL listed.

MAGNUM 12 SOLAR-PAK

Features the latest state-of-the-art solar panel with superior charging power.

Uses the same advanced and exclusive circuitry as the Magnum 12, including Parmak's exclusive built-in performance meter. Our totally new and improved solar panel uses free energy from the sun to provide maximum shock . . . longer life. No operating costs! Power line convenience with a battery fencer. Charges over 30 miles of fence.

Magnum 12 Solar-Pak eliminated battery recharging, thereby saving you time and money. The sun's energy charges the fencer by day. A sealed 12 volt rechargeable battery powers the fencer at night. Battery included. The Magnum 12 Solar-Pak was designed, developed and is manufactured exclusively by Parmak. Warranted two full years. UL listed. Twelve-volt battery warranted one year. 100% American made.

ELECTRIC FENCE TESTER

This totally new, full function, solid-state test instrument is designed especially for field testing all electric fence chargers. Uses a standard 9 volt battery and accurately presents peak voltage within 3 seconds. Will read fence voltage between 500 to 19,900 volts. Convenient pocket size with state-of-the-art LCD readout. Full 90 day warranty.

Model PM-100

SUPER GROOM

Livestock & Small Animal Grooming Tool

The ultimate in grooming. The all-in-one grooming tool designed to give superior results first time, every time in less time. Simply attaches to your garden hose. Perfect for the cleaning and grooming of all types of animals including horses, cattle, hogs, sheep and pets. Rugged construction for years of trouble free use.

Model SG-5000

THUNDER GUN POWER WASHER

One of the most useful tools ever made for an air compressor. Simply attaches to 1 H.P. or larger tank type air compressor and garden hose. Perfect for cleaning or degreasing farm equipment, cars, trucks, lawn and garden equipment, house siding, windows, etc. Can be used with hot or cold water and a wide variety of cleaning and degreasing chemicals. Requires minimum of 90 P.S.I. at 5.3 scfm air pressure. Complete with 6 feet high grade chemical resistant draw hose.

Model TG-2000

STOCKMASTER STOCK PROD

Transistor Power

Amazing development in stock prodders. Greater power, low cost, trouble-free operation. No moving parts and fully transistor powered 6,000 volts shock output. Durable vinyl shaft. Uses two "C" size batteries. Batteries included.

Model SS (11 inches long)

Model S-29 (29 inches long)

PHOTOVOLTAIC SOLAR SYSTEMS

Look to Parmak - the world's largest volume manufacturer of photovoltaic solar systems - for all your solar panel needs. We stock basic panel sizes to provide rapid response in meeting your requirements.
