**12 VOLTS  
LOW IMPEDANCE**

# THE FIRST, THE BEST, THE #1 SELLING BRAND!

6 volt model  
DF-SP-LI

12 volt model  
Mag 12-SP

PARMAK, America's first solar powered electric fencer, brings you these LOW IMPEDANCE, powerful solar powered fence chargers that shocks through wet weeds and brush. For livestock and predator control - small, medium or large pastures. Features include:

- ✓ Laser trimmed, computer precision, solid-state circuitry provides powerful low impedance shock through wet weeds and brush.
- ✓ Parmak exclusive built-in performance meter that no other brand of fencer offers. At a glance the meters show you the fence condition - good, marginal or bad.
- ✓ Reliable day or night operation - free energy from the sun keeps battery fully charged. DF-SP-LI will operate for 21 days in total darkness. Eliminates the need for inconvenient battery recharging. Rechargeable sealed battery included.
- ✓ Features the latest state-of-the-art solar panel with superior charging power even on cloudy days. Field-proven, weather and impact resistant for years of reliable, trouble free service.
- ✓ Totally waterproof, portable, rustproof, for easy outdoor operation.
- ✓ DF-SP-LI charges up to 25 miles of fence while the Mag 12-SP charges over 30 miles of fence.
- ✓ Power line convenience in a battery operated fencer.
- ✓ 100% American Made      ✓ Fully Warranted      ✓ UL Listed.
